

GRANTS BUSINESS PLANS

FROM HUDSON OUTSOURCING

Are you seeking grant support?

When seeking grant support for your business or idea, you'll nearly always need a professional business plan to attach to a grant application. We know this, because for a decade we have been helping businesses to secure grants around the world. You must be able to effectively inform the organisation holding the purse strings what you will be doing and how you will achieve the objectives attached to the grant money.

We also go one step further. Once we've helped with the production of your business plan, we can also assist with sourcing grants for you to apply for. In the UK, we have a grant tracking portal which is free to use at www.discovergrants.co.uk and a similar site is being launched in the US in 2023.

Hudson Business Plans lay the foundations to ensure those people you need to communicate your plan to, is done so well, by developing a compelling and complete story of your business, what you need the grant money for, and how it will be spent. Attaching solid milestones, goals, and outputs.

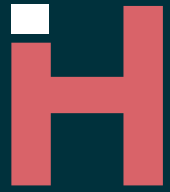

Our writer's job is to ensure they develop a compelling and complete story, and our business plan designers ensure the information is displayed in an easy-to-read format, visually, if we feel it's needed, utilising your brand, and ensuring you put your best foot forward.

How We Work

Starting from
£2,500
