

NON-PROFIT BUSINESS PLANS

FROM HUDSON OUTSOURCING

Does your organisation have a business plan?

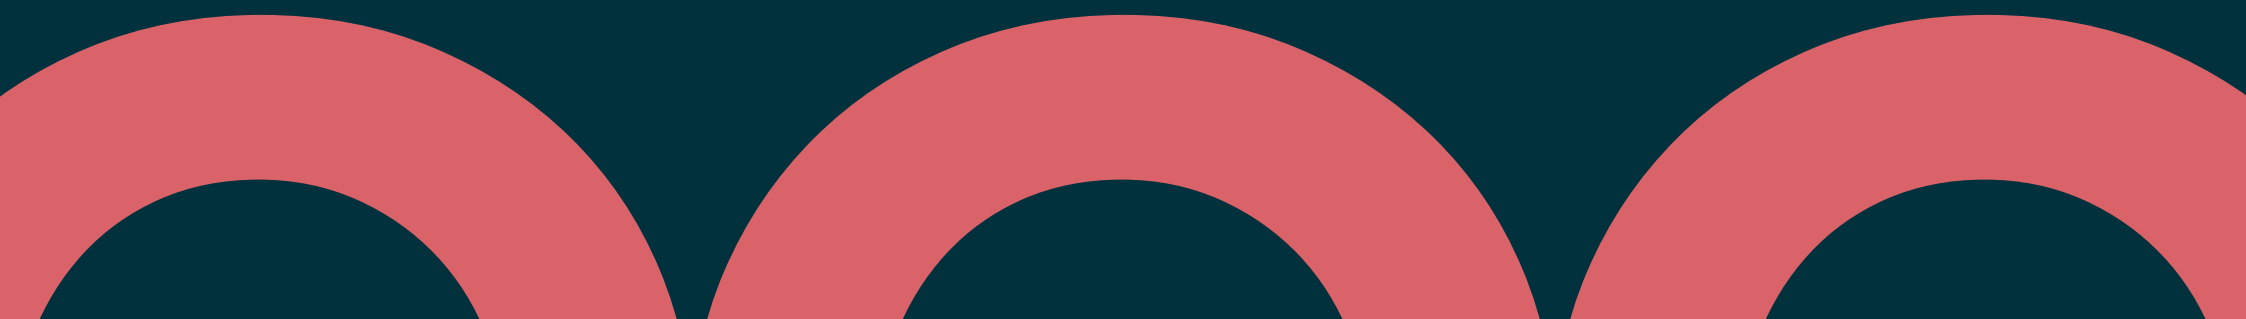

Your non-profit organisation needs a fully functional business plan if you're going to secure support of any kind, be it monetary or in-kind, or even just support from volunteers. Any organisation needs a valid structure, purpose, vision, and values.

A business plan is a great way for a non-profit to set and monitor goals. It also gives you a sense of ownership of what you're trying to achieve and a benchmark of how you're going to achieve it.

The team at Hudson will help you demonstrate in writing what you're trying to achieve. Our writer's job is to ensure they develop a compelling and complete story of your non-profit organisation, and our business plan designers ensure the information is displayed in an easy-to-read format, utilising your brand, and ensuring you put your best foot forward.

This is essential for reviewing where you started and the progress you make. It can be a great motivator, when looking at how far you have come and what you've achieved against what you set out to do.

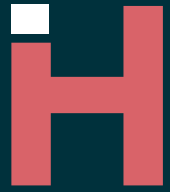

During the process, we will work closely with you and ask questions that will ensure your ideas are thought through, whilst addressing risks and reviewing challenges.
